Our day will start with an induction, you will be shown around the kitchen, equipment and its uses will be explained to you.

We will then discuss the menu, delegate tasks and arrange time schedules.

We will prepare a six course lunch. This will be served at 2.00pm. We will make canapes and other light nibbles along the way. Although we are cooking to a set menu, we will demonstrate other methods of preparation using the same ingredients and we invite you to ask questions.

WARNINGS;

While on our premises we advise you that this is a commercial environment, and has associated hazards.

Our equipment is sharper, many utensils are heavier than you may expect. Our ovens and solid top stoves are hotter, than those you may have at home. The floor is a non slip material, but items spilt on it still become a hazard.

PLEASE BE CAREFUL, BE RESPONSIBLE FOR YOURSELF AND OTHERS AROUND YOU. IF IN DOUBT, ASK FOR HELP. YOU WILL NOT BE GIVEN ANY TASKS THAT ARE UNREASONABLE FOR THIS TYPE OF ACTIVITY DAY, AND IF YOU ARE UNSURE OR UNCOMFORTABLE WITH THE DUTIES, THEN YOU MAY DECLINE TO PARTICIPATE IN THAT DUTY.

All of this information is for your personal safety and advice, please take it into your full consideration.

Domestic issues;

We regard personal hygiene to be very important. We have toilet facilities available, just off the main kitchen, and the main restaurant toilets will also be available to you.

Hand wash facilities are provided in the kitchen and should be used regularly. Refreshments will be provided and water should be drunk frequently during the day.

Above all the day will be FUN, a unique experience, and a close up look at an environment that is not usually accessible. Paul will endeavour to assist everyone during the day and pass on as much information as you require.
